5. Price growth evidence (test of 40 to 60% over 3 to 4 years)

- New Cairo average price | +45% in Q3 2023 | 2023 | JLL via Enterprise | <https://enterpriseam.com/egypt/2023/10/30/fears-of-devaluation-drove-cairo-real-estate-prices-up-in-3q-2023-jll/>

- New Cairo secondary sale prices | +3.1% y/y in Q1 2026, asking rents +10.0% y/y | Q1 2026 | JLL via Enterprise | <https://enterpriseam.com/egypt/hardhats/cairos-rental-market-running-double-digit-increase-while-sales-stall/>

- Read-across: the 2023 to 2024 surge came with devaluation. By 2025 to 2026 growth is 10 to 16% a year in nominal EGP, and secondary-market growth in Q1 2026 was only 3.1%. Compounded 10 to 16% for 3 to 4 years gives roughly 33% to 81%, so 40 to 60% is feasible only at about 12 to 13% a year, which is at the top of the evidence for secondary sales and contingent on EGP inflation (about 14.5%). In USD terms, office rents were only +2% y/y.

- Off-plan rules | PM Decree 2184 of 2022 (effective 17 Jun 2022): developers on state land must open a separate project bank account, follow approved timelines, and may not announce sales before the Ministerial decisions approving the general plan and the detailed phase plan | 2022, in force | Invest-Gate / Mondaq | <https://invest-gate.me/news/prime-minister-sets-regulations-for-sale-of-real-estate-development-units/>; <https://www.mondaq.com/real-estate/1700074/overview-on-real-estate-development-in-egypt>
- Mandatory escrow | only a parliamentary proposal (MP Ahmed Fayed) for per-project escrow accounts with staged release; not law as of the source | 2026 | Daily News Egypt | <https://www.dailynewsegypt.com/?p=851498>
- Resale and assignment | developers' contracts commonly let them assign rights to mortgage finance firms with notification to the buyer (Civil Code Art. 305 on assignment effect); buyer-side resale of contracts is common but "stagnant resale" reported. Transfer fees in new cities reportedly cut to 2 to 3% from 10% (search summary, source unverified) | 2026 | Enterprise; Housing Ministry blog | <https://enterpriseam.com/egypt/hardhats/real-estate-buyers-are-reselling-their-contracts-and-analysts-disagree-on-why/>; <https://blogs.realestate.gov.eg/news/cairo-new-capital-developers-association-praises-housing-ministers-new-decisions/>
- Specific FRA rule on developer consent to off-plan resale | not found. Developer approval and fees are contractual, so check each developer's assignment policy and the MIDAR / NUCA land-sale terms.
